

## Sticks and Stone Art

### You need

- A bucket to collect your supplies
- A selection of sticks and stones from the garden
- A few different colours of paint
- Paint brushes
- PVA glue

### What to do

1. Ask your grown up to help you find some sticks and stones in the garden.
2. If the stones are a bit muddy, wash them in a bowl and set them outside to dry.
3. Once your stones and sticks are dry, paint them with your paints.
4. What will you paint? Can you make a game? Or could you stick them on to some card to paper to make a picture?
5. Once the paint is dry, you can cover the sticks and stones with a layer of PVA glue to protect your paint.

**Don't forget to wash your hands after being in the garden. If you're lucky enough to live by a beach you could collect some pebbles on your family walks.**

Here's some great ideas we found to give you inspiration!
