

Make a Garden Treasure Picture

You will need

- Treasures from the garden
- A bucket or container to collect your treasure in
- Some glue
- A piece of paper or card

How to make it

- With your grown up, go on a treasure hunt in the garden. Look out for different types of leaves, stones, twigs.
- Check with your grown up that its ok to pick leaves and flowers if they are still alive!
- Make sure you don't pick up anything that is yucky.

- Lay out the treasures on a tray or on some paper towels to let them dry off.
- Once dry, plan out your picture on the paper. What can you design? Could it be of the beach, your house or even your pet!
- Use a little glue to carefully glue the treasures to the paper.
- Once the glue has dried, you can put your picture up in the window to cheer up people to see if they walk past your house.
