

# Pirate Treasure Map

## You need

- An A4 size piece of paper
- Some colouring pencils or pens
- Some treasure to hide

Why not make a treasure map for your family to follow! Can they find the hidden Treasure?

## What to do

- Hide your treasure in the garden somewhere safe. Don't forget **X** marks the spot!
- Design your map for your family to follow.
- Don't forget to mark on the dangerous sea monsters and quicksand.

You could even do an indoor pirate map too for when its too wet to go outside! Or how about a Minecraft Treasure map?

**You could even make your own Treasure chest to hide your Loot!**
