

Garden Story Time

We can't all get to the beach currently, but while sitting in your garden, imagine you can hear the call of the seagulls, the waves lapping on the shore and feel the sun on your back!

You need

- Your favourite books
- A comfy place to sit

What to do

1. Take some of your seaside adventure books out into the garden.
2. Get comfortable.
3. Enjoy a good book!

Maybe your grown up can sit with you and you can read together, or make up your own pirate story, or a song about a mermaid!

Don't forget your sun hat and sunglasses if it's sunny or you could make a den to read in if it's colder!

Here are some of our favourite books for remembering the seaside. What's yours?
