

Stacking Stones

You need

- Some flat stones or pebbles
- Patience!

What to do

1. Ask your grown up to help you find some (mostly) flat stones or pebbles.
2. Have a go at stacking them on top of each other. Take your time.
3. How high can you build your tower?
4. Is there a best way to build?
5. Use different colour stones to make a pattern.

If a tower is too tricky, you could use the stones to create a pattern on the ground.

**Don't forget to wash your hands
after being in the garden!**
