

# Make Your Favourite Rock Pool Creature

The SeaQuest team love to go rock pooling!  
Which is your favourite creature in the rockpools?

Maybe you can make it from some stones and pebbles you can find in the garden!

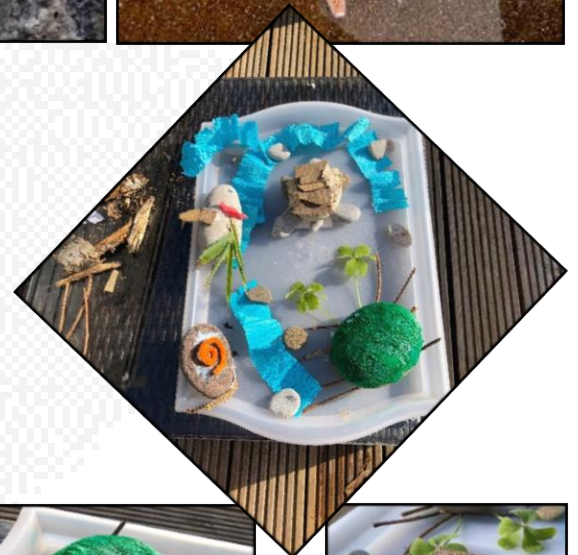

## You need

- Some different size stones and pebbles
- Glue
- Things to decorate your stone – these could be either natural treasures from your garden, or things you have in your making box!

## What to do

1. What animal does your stone remind you of?.
2. Use your treasures to make your stone in to a super rockpool creature!
3. Maybe you can make a whole rockpool family!

**Don't forget to take a sun hat and sunglasses if it's sunny outside.**

**Always wash your hands after picking up things in the garden!**
